Ballet is the foundation of all dance forms as it provides the universal language, grace, poise, and technique needed to be proficient in all other areas of dance. While focusing on strict technique, ballet classes will help dancers with posture, flexibility, fitness, balance, self-discipline, and self-confidence in all styles of dance and performance. Ballet technique is the key in creating a stable base for a well rounded technician and performer. Dancers will need to wear a t-shirt & leggings or leotard with tights and ballet shoes.
